

GymGaze

"Turning gym floors into advertising real estate"

02 / THE PROBLEM

Gyms are packed with people. Nobody is monetising that.

- ▶ South Africa has **1 000+ gyms** and **3 million+ members** — all captive, all spending time
- ▶ Members **3–5× per week**, **45–90 minutes** staying per session — a dwell time no billboard can match
- ▶ Brands want to reach **health-conscious, LSM 6–10 consumers** — but no direct advertising channel exists inside gyms
- ▶ Traditional OOH (billboards, transit) catches people in passing. **Gym screens catch people standing still.**

"The audience is already there. The screens aren't."

**45–90
min**

avg. dwell time per visit

GymGaze puts digital advertising screens inside gyms — and handles everything.

1

INSTALL

Digital screens in high-traffic gym zones:
entrance, cardio floor, free weights

2

SELL

Ad slots to brands & agencies at CPM
pricing — R65–R85 per 1 000 impressions

3

MANAGE

Content, scheduling and campaign
reporting via the Cuecast platform

4

05 / THE PRODUCT

Built. Running. Ready to deploy.

- ▶ **Cuecast** — our proprietary screen management platform. Built, operational, no additional cost.
- ▶ Manages content scheduling, proof of play, and real-time campaign reporting
- ▶ Phase 1 network: **94 screens across 14 Edge Fitness venues**
- ▶ Audience data per venue: member counts, peak hours, dwell time
- ▶ Advertiser dashboard: live campaign performance, impressions delivered, spend tracking
- ▶ The platform is done. **This round is for the hardware.**

07 / REVENUE PROJECTIONS

Phase 1 — 94 screens, 14 Edge Fitness venues

SCENARIO	OCCUPANCY	GROSS/MO	NET/MO	NET/YEAR
Conservative	35%	R37 800	R26 460	R317 520
Base Case	70%	R75 600	R52 920	R635 040
Optimistic	100%	R108 000	R75 600	R907 200

Net figures after 30% Edge Fitness revenue share. Venue rental fees (R28 700/mo total) activate above the 35% occupancy floor.

Buyback trigger: R1M ARR target = ~75% occupancy — expected within 12–18 months of deployment.

Phase 2 expansion adds additional gym networks and scales these numbers significantly.

"The hard work is done."

The founder built this from scratch.

Mlungisi Busakwe

Founder & CEO

10+ years in marketing and media. Founded **Box Board Advertising** — a township OOH network with 10+ active sites across the Eastern Cape, built from the ground up into a solid local player. Founded **Busakwe Advertising** — static and digital billboards in high-LSM areas, with active clients including Pineapple Insurance and Cadbury. 3 years focused specifically in the media space, with a track record of identifying underserved advertising audiences and building networks to reach them.

GymGaze is the next evolution — same instinct, bigger canvas.

Technology: Ivra Labs

AI-powered development studio. Built and maintains all GymGaze platform technology, including Cuecast.

"The platform is live. The partnership is signed. The founder is all-in."
